The Film Facilitation Office (FFO) invites film producers and production companies from across the world to shoot their Feature Films, TV/Web shows & series and Reality TV/Web shows and series in India - a country with locations of untold beauty.

The FFO has set up its web portal www.ffo.gov.in as a single window clearance and facilitation mechanism to enable online submission of applications from both international and domestic filmmakers.

The portal eases the process of filming in India and promotes the country as a film friendly destination.

India – A film lover’s paradise

After every take (when the director called ‘cut’, there was loud clapping. We felt like cool kids in a stadium. But the warmth and support we got while shooting there – no matter how deceptive we were to their daily lives – it was so good. People were so positive, I have huge appreciation for that.
